93	3	Jim	Londesborough	V50	Hatton Darts RC	7:46:50

Congratulations to all runners who got round in quite severe weather conditions. 133 started, 40 retired or were timed out. Thank you to those of you who were timed out for obeying the cut-off times, & for checking in at the registration. The application of cut-off times confirmed their usefulness in protecting runners & marshals alike.

A sincere thank you to Luigi Salzano, Eddie Lesniak (& my apologies for trying to award him the 1st prize for V60!) & Paul Hindley for discarding their opportunities for reaching Pillar inside the

cut-off time, instead opting to assist down Fiona Lynch who had fallen & sustained head injuries during the approach. She was then attended to by our paramedic.

That was a wonderful display of selflessness & something to treasure as part of the unique spirit among mountain runners.

Another runner ended up at Honister but managed to get a lift back. Yet another suffered hypothermia during a long descent from Scafell Pike but was assisted down by walkers & after being checked by North West Ambulance was allowed to drive home.

I'll issue a more comprehensive report when I have assimilated the available checkpoint records.

Thank you all for coming along & running the Wasdale.

Next year 2017 will be a championship event.

Regards Richard Eastman/Will Spain
